19. asırda Hacı Mustafa tarafından temelleri atılan Aslımlar Topluluğu, "Akşehir'den aldığı Akşehir'in insanına vererek" Türkiye ve Akşehir ile büydü, gelişti... Akşehir'in önde gelen kuruluşlarından biri oldu...

Bu gelişim süresince felsefemiz her zaman; "Akşehir'i geleceğe taşımak" oldu.

Bunun için Akşehir'in gurur duyacağı, örnek alacağı yatırımları gerçekleştirdik.

Biz hiç durmadık... durmayacağız...

Yeni yıllara girerken bu misyonu gerçekleştirmemizdeki katkılarından dolayı; çalışanlarımıza, müşterilerimize, ortaklarımıza, bizi dinamik kıyan rakiplerimize, emeklilerimize, tedarikçilereimize,

Bu günlere gelmemizde büyük emekleri olan büyüklerimiz, merhum; Ali Haydar Tuna, Güldane Tuna, Kudret Aslim, Ziya Aslim ile diğer kaybettigimiz çalışanlarımıza,

Bize her zaman gönülden destek olan, bizi yürekleniren halkımıza ve tüm yetkililere,

Teşekkür ediyoruz...

Yeni yıllarda da Akşehir'i geleceğe taşımak için çalışmaya devam edeceğiz..

The Aslımlar Ensemble, founded in the 19th century by Hacı Mustafa, grew up with "Aksehir and Turkey" by giving to Aksehir's people what he got from Aksehir ... He was one of the leading institutions of Aksehir ... During this development, we always have philosophy; "It was Aksehir to move to the future".

We have realized the investments that Aksehir would be proud of for this.

We never stop ... we will not stop ...

Because of the contributions we make to this mission when entering new years; Our employees, our customers, our partners, our dynamic spinning competitors, our retirements, our suppliers,

When we do not come to these days, our great-great-grandfather, the deceased; Ali Haydar Tuna, Güldane Tuna, Kudret Aslim, Ziya Aslim and the other employees we lost,

Our people who always support us with heart, who encourage us and all the authorities,

We thank you ...

In the new years we will continue to work to move Aksehir to the future.

19. Jahrhundert legte den Grundstein von Hacı Mustafa Gruppe erster Instanz, "es von Aksehir Aksehir bekommt die Menschen zu geben" wuchs mit der Türkei und Aksehir, Aksehir aufgetreten ... war einer der führenden Unternehmen ...

Diese Philosophie ist immer während der Entwicklung; "Aksehir bis in die Zukunft" war.

Dies ist stolz auf Aksehir sein, wir Investitionen Proben nehmen.
